

Dear Mark & Mark's Pacific NW

Thank you so much for our beautiful backyard. We absolutely love it. Neighbors tell us we have the best backyard on the whole island. It's all due to you & your guys. You gave us a patio, doubled (maybe even tripled) the size of our deck, planted the greenest grass & perfect plantings. Our family members are happy that there is easy access throughout the yard. The stairways, hand railings, & lights make all this possible. And in my husband's eyes, the best part of the yard is the large fire pit with seating. I'm just amazed at how you could visualize all these concepts & be able to lay them out so easily.

It was great working with you & your guys. They were definitely hard workers, especially with what was needed for our yard. Thanks again for everything you did. Our yard will be enjoyed by our family for many years to come.

Wendy & Sean Holt
